REPORT NO.

THIS DOCUMENT CONTAINS INFORMATION AFFECTING THE NATIONAL DEFENSE OF THE UNITED STATES WITHIN THE MEANING OF THE ESPIONAGE ACT OF U.S.C. 51 AND 52. AS AMENDED, ITS TRANSMISSION OR THE REVELATION OF ITS CONTENTS IN ANY MANNER TO AN UNAUTHORIZED PERSON IS PROHIBITED BY LAW. REPRODUCTION OF THIS FORM IS PROHIBITED.

THIS IS UNEVALUATED INFORMATION

25X1

1. A state glass factory was constructed in Kyomip'o (125-38, 38-44) between August 1948 and March 1949. Since March, the plant has been producing five mm. plate glass which is not of very good quality but is considered fit for local use.* Some of the glass is also being smuggled into South Korea.
2. The glass is made of silica sand obtained from the coastal areas of Monggump'o (124-46, 38-12) in Ewanghae Province, which previously supplied the glass factory in Pusan.

3.

25X1

25X1A

- * Comment. This is the first production of plate glass in North Korea since the end of the war, although such glass products as bottles and ampoules have been manufactured previously.

This document is hereby regraded to CONFIDENTIAL in accordance with the letter of 13 October 1978 from the Director of Central Intelligence to the Archivist of the United States.
